## Chairman's message

Dear parents and students!  
Greetings from your Chairman

I am delighted to address you in this edition of our Paavai Voice June 2023 as we reflect on our collective achievements and look forward to the exciting journey ahead.

As we navigate through challenges and celebrate successes, it is the spirit of collaboration and dedication within our community that continues to drive our progress. Our shared commitment to excellence and innovation has been the cornerstone of our success. In the coming months, we anticipate even greater accomplishments as we embark on new initiatives and projects. Your enthusiasm and engagement are invaluable assets that propel us toward our goals.

Our institution possesses the prestigious record of Champions of Champions award for seven years consecutively including the year 2023. We have been holding the prestigious title for such a long period that have bewildered other institutions at our dedication and appreciation to the sports related activities along with academics.

Dhanapal, Medical Superintendent, Mohan Kumaramangalam Medical College and Hospital, Salem as the chief guest for the function. I thank him for his valuable suggestions to the youth for leading a healthy life by following the indianised lifestyle with the imbibed values and stating the importance of them that have existed for generations in our nation.

Many awards of all the standards have been achieved by our students and the faculty members in academics and sports activities. I give my hearty blessings to the students from the final year engineering for embarking on their journey to Taiwan with the 100 percent scholarship to become successful in their ventures. I strongly believe that their journey to the overseas will be a first step to the giant leap for Paavai institutions.

Research is one of the highly wanted ones in the present educational sectors. Most of the institutes in India and around the world have been the motivating force to the community of the students and the faculty for their involvement in scientific studies and research. Our institute has a well equipped research cell with the potential faculty members having a vast experience in their respective field.

Hereby, I feel overly exalted at the achievements of the faculty and the students for their undying spirit to the development of the institution and their dedication to the nation as a whole. Once again, I congratulate everyone for their contribution. I extend my heartfelt gratitude to each member for your contributions, hard work and unwavering support.
